About Us

Since day one the company has built a reputation based on quality products, economical solutions and efficiency services. Fountech is a Bangladesh based Industrial, Commercial & Residential Flooring Company. That deals in Construction Chemicals, Waterproofing Chemicals, Floor Hardener, Industrial Epoxy Flooring, Self-Leveling Epoxy Flooring, PU Flooring Systems and more. We also offer products for waterproofing of structures from basement to top terrace (pre & post construction) with specialization in rehabilitating and treating floors with leakage and cracks. We have been able to master the market with the help of our innovative ways of working and sheer hard work. Our constant research and a passion to do something different from the rest have enabled us to gain a respectable position in the related field and a cutting edge from our competitors. With our immense knowledge we have become one of the leading companies of construction chemicals and are handling some of the most prestigious projects in Bangladesh. We have rightly utilized our valuable experience of a decade in the related field and made a mark for our own.

We genuinely care about our customer, our objective is to provide the highest level of service and the highest quality products and the best ever technical support in the industry.
